- 3) If there are any changes to your contact information, please contact the center to update your file.
- 4) There is no specific length of time that you need to be on the list to be offered a space.
- 5) Spaces are created when a family leaves the center. There is no specific time, however the months of July, August, and September have the most movement. Space can be available at any time of the year and at any point in the month.
- 6) We are usually able to contact families 2-4 weeks before any given space opens, as parents are only required to give us a 2 week notice of withdrawal.
- 7) Only once the withdrawal is confirmed in writing can we begin to find a family for the space.
- 8) With all spaces available at the center, the director will call families with the highest seniority date that are eligible to start. Parents who are waiting for a particular month are contacted when spaces are available. Even if the month you specified has already passed, they will be offered space.
- 9) Once a family is called from the waiting list, they are given a specific time frame to return the call and express continued interest in the space available. If there is no return call, a call will be made to the next family in line.

You will find closing information on our Facebook page as well as on Valley News Live. If Giggles N Grins closes early or opens late, parents will receive a text message (if signed up), an email and a message via the Procure App.

3. Program Policies and Procedures

3.1 Curriculum Overview

Lead teachers are encouraged to choose their own curriculum. Curriculum must include language/literacy, math, science, fine and gross motor activities, art, sensory exploration, and social studies.

3.2 Daily Reports

Staff will provide a daily report on infants and toddlers through an app called "Procure". Daily reports explain what they ate for the day, nap times, diaper changes and supplies that are needed. Staff and parents can communicate through this app with messages as well. New families will receive an email with instructions on how to register.

3.3 Daily Schedule

Daily Schedules are posted in each room and outside the door of each classroom. Infant/Toddler schedules are flexible to allow for moods of the children on any given day. The daily routine fosters development of good health habits, self-discipline, adequate indoor/outdoor play, rest/sleep, and mealtimes with opportunity for various experiences. The environment protects the children from physical harm without restricting physical, intellectual, emotional, and social development. Environment and interaction requirements are complied with and reviewed.

3.4 Supervision

Supervision means a staff member is responsible for care/teaching children being within sight or hearing range of an infant, toddler, or preschooler at all times so the staff member is capable of intervening to protect the health and safety of the child. For the school-age child it means a staff member is available for assistance and care so that the child's health and safety is protected. Children should not depart the childcare premises unsupervised regardless of age. They must be picked up by a parent or another authorized person. School Age children must have permission to ride the school bus via the Agreement for childcare services. Giggles N Grins is not responsible for injuries due to an accident during active play, the child's coordination, or by another child. Parents are responsible for the insurance coverage of their own children. Giggles N Grins is also not responsible for lost or broken personal items.

3.5 Guidance & Discipline Policy

Discipline is not punishment; it is a learning process. Behavior guidance is tailored to the developmental level of the child. Many approaches dealing with behavior guidance are:

- 1) Talking with the child explaining what is acceptable and what is not, explaining to the child that the action was unacceptable (not the child as the person), explaining the rules and consequences.
- 2) Redirect the child away from problems towards another part of the classroom with another toy or activity.
- 3) Provide immediate and directly related consequences for a child's unacceptable behavior (ex. Destructive to a toy –the toy would be off-limits to the child for a specific amount of time) and offering another solution to the situation (ex. Sharing, taking turns)
- 4) Repeated unacceptable behavior will be documented. If a child has repeated unacceptable behavior, a meeting will be set up with the parent, and a behavior guidance plan will be put in place. See Unacceptable and Inappropriate Behaviors Policy.
- 5) **Time Outs** for children under the age of two are not allowed. If a time out is necessary, the age of the child determines how many minutes the time out lasts. Ex., 4 years old for 4 minutes.
- 6) Duplicate toys and large motor activities help to prevent many problems from occurring.
- 7) Corporal (physical) punishment is never allowed and will result in immediate termination.

3.6 Transition of Children

Children will be transition to the next ages group based on three factors: Chronological age, staffing, and maturity of child. Parents/Guardians wishes are always respected but may not always be granted due to the above factors.

3.7 Personal Possessions

The staff work hard to provide your child with fun, educational activities to do while they are at Giggles N Grins. Please do not bring toys, puzzles, books, etc. from home. This way we can avoid special toys from being lost or damaged. Your child can bring one blanket from home for rest time. Please send a full change of clothes (shirt, underwear, pants, and socks) appropriate for the season to be kept on site.

3.8 Transportation

- Giggles N Grins will provide transportation for local fieldtrips for school agers (Kindergarten to 12-year-old) when necessary. All field trips planned will be posted ahead of time on the bulletin board in the entrance and a permission slip will need to be signed by the parents. We will walk to local locations – library, parks, etc.
- Parents/Guardians will sign an Emergency Transportation Permission Form at enrollment that gives Giggles N Grins, and its staff members consent to transport a child(ren) in the event of an emergency/evacuation.
- Children will never be left in a vehicle unattended. Children will be placed in age appropriate, compliant child safety restraints if needed.
- Giggles N Grins liability insurance covers staff member's vehicles when transporting children. Drivers will be 18 years and older. All drivers must have a valid driver's license.

3.9 Accountability Policy

- If the child(ren) will not be attending or is going to be more than 10 minutes late, you must notify the program. The director/staff member will call the parent/guardian or emergency designee if the parent/guardian cannot be reached.
- During the school year, the school bus (typically bus 11) arrives at the program at or around 3:19pm. If the child does not get off the school bus, the school will be called to see if the child failed to get off the bus. If the child was not on the bus, the parents/guardian will be called. If the program is unable to locate either parent/guardian, they will contact the emergency contact person provided by you. If all efforts fail to find a responsible party, staff will notify the Wahpeton Police Department.

3.10 Field Trips

Parents will be notified of the location and time of any field trips. The parent must sign a form granting permission for a child's participation on each field trip. If written permission is not given, your child may not attend the field trip. Permission must be given whether the child will be walking or riding in a vehicle.

It is our policy that staff will take along a first aid kit, emergency contact information and any emergency medication and a copy of the care plan for children with special needs.

4. Health and Safety

4.1 Incident Policy

Incident Reports need to be written anytime a child injures themselves. First Aid will be administered if the child requires it. Parents will be called in the event a child requires emergency care. If parents are unavailable, persons indicated on the registration form will be notified. In the event none of the above can be reached and it is an extreme emergency situation, the child will be taken to the nearest emergency facility. Incident report forms are required within 24 hour of incident and needs to be signed by the parent/guardian, parent/guardian will receive a copy and a copy will be placed in the child's file.

4.2 Emergency Procedures:

- Giggles N Grins will determine if children and staff will shelter in place or seek shelter in an alternate location. A copy of our Evacuation Disaster Plan (SFN 517) will be posted near our first aid station in the entry way.
- Parents/Guardians will be informed via email, text message, phone call and Procure App message if we are forced to see shelter in an alternate location. Once an all clear is given from emergency personnel, parents/guardians will pick their child up

from the alternate location. All information regarding where, when, why, and how we sought shelter will be communicated to the parents. If we are unable to contact parents, emergency contacts will be called.

- In case of a flood, gas outage, exposure to hazardous materials, oil spills, attack-bomb threats, biological, chemical or explosions that require evacuation of the facility, the staff, and help from local law enforcement will load children in cars and transport them to the basement of the Wahpeton Law Enforcement Center. Once we are at the Law Enforcement Center, staff will begin calling parents to pick up their children. If we cannot re-enter the facility, Giggles N Grins will be closed until we are able to re-open.
- The evacuation/fire/tornado escape plans are posted on the bulletin board in the entrance.
- Tornado drills will be practiced during the months of May through September. In the event of a tornado, staff and children will go into the centrally located bathrooms with a first-aid kit and emergency contact information in it, flashlight, a portable radio and wait until the sirens go off.
- To reduce the risk of fire, Giggles N Grins follows the fire safety rules and state laws regarding smoke detectors and fire extinguishers. Fire drills will be practiced monthly with all children at Giggles N Grins.
- Giggles N Grins keeps a list of emergency numbers near the phone (Emergency Phone List). Parents must provide the names and phone numbers of at least one other person to call if the parent cannot be reached in an emergency. Parents are contacted first, if unable to reach them, Giggles N Grins will contact authorized emergency contact persons you provided on the Child Information sheet.
- In case of a power outage, a first aid kit, flashlights, and extra blankets are accessible. The staff will call all parents and ask parents to come for their children if the power outage is a long-term event.

4.3 Children with Special Needs

- All children with diagnosed special health needs are required by licensing to have a current written health care plan signed by a parent/guardian or physician. These plans are required to be updated annually.
- Emergency medication and/or equipment included in a child's care plan should be provided by the parent, so it is available when the child is in care. If not provided, Giggles N Grins will need to call 911.

4.4 Immunization Policy

- Giggles N Grins Child Care must comply with the North Dakota state immunization law regarding immunizations. Written verification of immunization; including the month, day, and year for DTaP, Polio (IPV), MMR, Haemophiles Influenzae Type B(HIB), Hep A, Varicella, Pneumococcal Conjugate (PCV), and Rotavirus. You are required to keep your child's record current with all immunizations. Each time your child is immunized please provide Giggles N Grins with an updated record of your child's immunizations for our files.
- According to the North Dakota law, childcare programs cannot refuse to provide care to unimmunized children who are otherwise eligible if they present a valid exemption from immunization requirements; therefore, there may be unimmunized children in our program.
- If a vaccine preventable disease to which children are susceptible occurs at Giggles N Grins, it is recommended for unimmunized children to be excluded for the duration of the possible exposure.

4.5 Guidelines for Exclusion

Sick Children

A child with any of the following conditions or behaviors is a sick child and must be excluded from a center not licensed to operate a sick care program. If the child becomes sick while at the center, the child must be isolated from the other children in care and the parent called for immediate pick-up. A sick child must always be supervised. The center must exclude a child:

- 1) Has a reportable illness or condition that the commissioner of health determines to be contagious, and a physician determines the child has not had sufficient treatment to reduce the health risk to others.
- 2) Is not able to participate in childcare program activities with reasonable comfort.
- 3) Requires greater need for care than the staff of Giggles N Grins can provide without compromising their ability to care for other children.
- 4) Appears to be severely ill – this could include lethargy/lack of responsiveness, irritability, persistent crying, difficulty breathing or a quickly spreading rash.
- 5) Any child determined by the local health department to be the transmission of illness during an outbreak.
- 6) Siblings of children who are sent home sick.
- 7) **Abdominal Pain** - Persistent abdominal pain (continues for more than 2 hours) or intermittent abdominal pain associated with fever, dehydration, or other signs or symptoms of illness.
- 8) **Chickenpox (varicella)** - all lesions have dried or crusted (usually 6 days after onset of rash).
- 9) **Coronavirus** – changes occur often with what is required. We will follow the most current decision tree provided by the State of North Dakota. Children must be tested using a PCR test (clinic or testing site).
- 10) **Diarrhea** – defined by more water stools or decreased form of stool that is not associated with changes of diet. Exclusion is required for all diapered children whose stool is not contained in the diaper (2 or more times in an hour), and toilet-trained children if the diarrhea is causing "accidents". In addition, diapered children with diarrhea should be excluded if the stool frequency exceeds 2 or more stools above normal for that child. **Readmission after diarrhea can occur when diapered children have their stool contained by the diaper (even if the stools remain loose) and when toilet-trained children do not have toileting accidents.** Special circumstances that require specific exclusion criteria include the following:
 - a) **Toxin-producing E coli or Shigella infection** - until the diarrhea resolves and the test results of 2 stool cultures are negative for these organisms.
 - b) **Salmonella serotype Typhi infection** - until diarrhea resolves. In children younger than 5 years with *Salmonella* serotype Typhi, 3 negative stool cultures are required.

- 11) **Eye Infections** – we will contact parents if a child displays symptoms of conjunctivitis. The child may return after they have been prescribed medication.
- 12) **Fever** - Has a 100-degree Fahrenheit auxiliary/forehead (100.5-degree Fahrenheit ear) or higher temperature of undiagnosed origin before fever-reducing medication is given. An unexplained temperature above 100-degree Fahrenheit axillary/forehead in a child *younger than 4 months* should be medically evaluated. **Readmission after fever can occur 24 hours from the time fever breaks without the use of fever-reducing medication.**
- 13) **Hand, Foot, Mouth** – Doctor recommend 5-7 days out of childcare and your child must be fever free for 24 hours without fever-reducing medication. Your child may return when blisters are scabbed over, and no new blisters have formed.
- 14) **Head lice or nits** - until after first treatment and all nits are removed from hair.
- 15) **Hepatitis A virus infection** - until 1 week after onset of illness or **jaundice** or as directed by the health department (if the child's symptoms are mild). (Note: protection of the others in the group should be checked to be sure everyone who was exposed has received vaccine or receives vaccine immediately.)
- 16) **Impetigo** - until 24 hours after treatment has been started.
- 17) **Measles** - until 4 days after onset of rash.
- 18) **Mumps** - until 5 days after onset of parotid gland swelling.
- 19) **Pertussis** - until 5 days of appropriate antibiotic treatment.
- 20) **Pneumonia** – to return, child must be fever free for 24 hours without fever-reducing medication and able to participate in activities comfortably.
- 21) **Rash** – child will be sent home until a physician has determined that the illness is not a communicable disease.
- 22) **Respiratory Syncytial Virus (RSV) Infection** – a child may return once they are fever free for 24 hours without the use of fever-reducing medication.
- 23) **Roseola** – must stay home until rash stops progressing and be fever free for 24 hours without fever-reducing medication.
- 24) **Rubella** - until 6 days after the rash appears.
- 25) **Scabies** - until after treatment has been given.
- 26) **Streptococcal pharyngitis (i.e., strep throat or other streptococcal infection)** - until 24 hours after treatment has been started.
- 27) **Skin lesions** - if they are weeping/drainage/oozing and unable to be kept covered with a waterproof dressing.
- 28) **Tuberculosis** - until the child's physician or local health department states child is on appropriate treatment and can return.
- 29) **Vomiting** -If a child has vomited, they will be sent home. Vomiting two or more times in the previous 24 hours unless the vomiting is determined to be caused by a non-communicable condition and the child is not in danger of dehydration. **Readmission after vomiting can occur 24 hours from the last time the child vomited.**

Procedure for Excluding a Child

- 1) Ask the child's parent or guardian to pick up the child as soon as possible.
- 2) The teacher or caregiver will provide care for the child in a place where the child will be comfortable and away from other children, while still being supervised. The child should continue to be observed for new or worsening symptoms.
- 3) Follow the advice of the child's health care professional or the NDDoH.
- 4) Contact the NDDoH if there is a question about a reportable communicable disease. Document actions in the child's file with date, time, symptoms, and actions taken (and by whom); sign and date the document.
- 5) Sanitize toys and other items the child may have put in his or her mouth and continue to practice good hand hygiene.

4.6 Medication Policy

- 1) Giggles N Grins cannot give any medication whether it is prescribed or over the counter without written permission from parent or guardian.
- 2) Permission forms must be filled out in its entirety. A date to stop medication date will need to be filled in for over-the-counter medication as well. Over the counter medications cannot be kept at Giggles N Grins on an “as needed” basis.
- 3) All prescribed medication must be in an original container and parents need to supply their own syringe, spoon, or cup with the child’s name labeled. Pharmacies will supply a second container with label if you request one. Containers need to list:
 - a) Name of child – Cannot be in someone else’s name
 - b) Directions for giving medications
 - i) Dose, time, number of days, and if given by mouth, eye drops, or applied topically to skin
 - c) Name of prescribing health professional
 - d) Date prescription was filled
 - e) Date medication expires
- 4) All Over the Counter medication must be in the original containers
 - a) Name of the child must be written on the container – not just the outside box
 - b) Directions should be visible
 - c) Dose given by parent or guardian must match what is stated on the label otherwise a health professional must provide signed, written instructions for a dose that does not match the recommended dose on the packaging or if the instructions state “ask a doctor” for dosage.
 - d) Permission for over-the-counter medication is good for the number of days the medication can be given according to the instructions on the label or the number of days ordered by the health care provider.
- 5) We **will not** take expired medication.
- 6) **Parents and Guardians are required to give the first dose of any medication to their children at home to monitor for any side effects or allergic reactions.**
- 7) We will not give a child medication someone else has prepared. Parents or guardians who administer medication to their child must stay until their child is finished (i.e., if an infant is given medication in a bottle prepared by a parent or guardian – parent must take bottle home to be washed).
- 8) Parent’s must be sure staff know how to administer medication before leaving.

4.7 Outdoor Play

Children should be dressed appropriately for outside activities. It is important that children get outside daily unless temperature and weather conditions make this impossible. Each classroom has a chart dedicated to high and low temperatures that would prevent children from going outside. National Standards for Child Care recommends that children are taken outside when temperatures are above 15 degrees F (wind chill and temperature) and below 90 degrees F (heat index).

Playing outside every day is important for children’s health and development. Children cannot get sick by going outside. Going outside actually can keep children healthier. The National Health and Safety Standards for Child Care recommend that childcare providers take children outside at least one every day if the weather is not severe. If a parent requests that their child not go outside, without a written explanation from the child’s physician, the child should not be in childcare. One child should not affect the planned activities for all the children in our care. Even on days when it may be too cold to play for an extended period, a short walk can be beneficial. Children need to be dressed appropriately to play outdoors safely. Parent should make sure their children have the following winter clothing with them every day so they can play outdoors during cold weather:

- Hat
- Mittens/gloves
- Boots
- Winter coat
- Snow pants

Hats, mittens, and boots are especially important because ears, fingers and toes are the parts of a child’s body that most easily become frostbitten. Scarves and hoods are not recommended because they have caused strangulation and other serious injuries on the playground.

Playground Rules

1. Employees must NEVER leave a child outside alone.
2. When outside, employees will instruct the children in pedestrian safety and enforce strict adherence.
3. Children will stay within the playground area unless accompanied by an adult.
4. Children will not be allowed to go back into the center alone – they must be accompanied by an adult.

5. Equipment must be used appropriately and the way it was intended.
6. Playground must be kept clean of trash.
7. No pushing or shoving of any kind.
8. Rocks, sticks, grass, ice, snow, mulch, etc. must NOT be thrown.

Sun Safety Policy

Giggles N Grins Child Care Center and Preschool LLC is committed to protecting all children and staff from the harmful effects of the UV rays from the sun. Our sun safety policy is as follows:

We will educate children, staff, and families on sun protection.

- Parents will receive our sun safety policy upon enrollment of their child(ren) in our program.
- Information on sun safety practices will be posted and included in our newsletters.
- Staff will incorporate sun safety awareness through activities, displays, and materials in their classrooms.
- New staff will be orientated to this policy at the time of hire.
- This policy will be reviewed by staff and parents on a yearly basis
- Sun protection practices will be followed year-round.

We will follow procedures to reduce sun damage and heat illness

- We will limit sun exposure between 11:00 am – 2:00 pm. We will schedule outdoor activities before and after whenever possible.
- We will seek shade and provide shade for children and staff whenever possible.
- Parents will be encouraged to provide wide-brimmed hats for their child(ren).
- Parents will be encouraged to provide unbreakable sunglasses for their child(ren) that offer UVA and UVB protection.
- Parents will be required to provide sunscreen with an SPF of 15- 50 for their child at the childcare facility. Sunscreen needs to offer protection from UVA and UVB rays and be water resistant.
- Sunscreen will be applied with signed written parental permission to all children 6 months and older prior to outdoor activities.
- Signed written permission will be required if parents request that sunscreen is NOT applied to their child if over 6 months of age.
- Infants under 6 months of age will be kept out of direct sunlight since they are not recommended to use sunscreen. Written orders and instructions from a health care provider are required if parents request sunscreen to be applied to their infant if under 6 months of age.
- If a child arrives during outdoor play, parents will be asked if sunscreen has been applied. If not, sunscreen will be applied, and the child will be encouraged to play in a shaded location (if available) for 20 minutes to allow the sunscreen to become effective.
- Water will be provided and offered frequently for children during outdoor activities.
- Outdoor activities will not be allowed if the heat index is 89 degrees F or higher.
- Staff and children will be watched carefully for heat related illness such as heat exhaustion and heat stroke.

We will follow the recommended guidelines for using sunscreen.

- Gloves do not need to be worn to apply sunscreen. Staff do not need to wash their hands between applications to each child unless a child has an allergy to a sunscreen or if a child has open wounds, cuts, blisters, or rashes on skin.
- Sunscreen will be applied 20-30 minutes before outdoor activities and will be re-applied every 2 hours.
- Sunscreen will be applied to all exposed skin, including the child's scalp if the child is bald and not wearing a hat. We will avoid getting sunscreen into the child's eyes or mouth.
- Spray sunscreens are prohibited. Spray sunscreens are prohibited due to the possibility of inhaling the sunscreen or spraying the sunscreen into the eyes.
- Children who apply sunscreen to themselves will be closely supervised to ensure all exposed areas are covered. Children are recommended to wash their hands after applying sunscreen (hands can become slippery or can be rubbed into eyes).
- If sunscreen and insect repellent both need to be applied, the sunscreen will be applied first. Combination products with DEET and sunscreen are prohibited. The sunscreen is not as effective when combined with DEET and sunscreen needs to be re-applied more often than the DEET can be.
- Sunscreen will be stored out of the reach of children.
- Expired sunscreen will not be used. Sunscreen should not be stored in extreme heat and should be discarded upon expiration or after 3 years if no date is printed on the product.

Staff will act as role models for children and demonstrate sun safety practices.

- Staff will wear appropriate hats and clothing outdoors.
- Staff will wear sunglasses that provide UVA and UVB protection.
- Staff will wear sunscreen.

AGE GROUP	CHILD-TO-STAFF SUPERVISION RATIO
Infants	4 to 1

10. Child-to-staff ratios will always be maintained.

4.9 Meals and Snacks to be Served:

All food is prepared onsite. Food served during the day will include a serving from each of the basic food groups as defined by the United States Department of Agriculture (USDA). Giggles N Grins participates in the Child and Adult Care Food Program (CACFP). This program employs strict standards on what we are and are not able to serve as creditable food. We strive to exceed these standards by offering a variety of whole grains, fruits, vegetables, and lean protein foods. Whole fruits will be offered more often than 100% fruit juice, and no sugary beverages (soft drinks, Kool-Aid, sports drinks, etc.) will be offered to children.

Meals and Snacks

- A cycled 6-week menu is posted on the bulletin board in the entry way of our facility.
- Children are encouraged to eat but coercion or force feeding is NEVER allowed.
- We supply breakfast, snacks, and lunch. We cannot deny a child a snack while they are in our care.
- Adaptations concerning special food requirements for medical reasons must have a signed medical statement from the child's physician.
- Children with food allergies will be fed alternative creditable foods to ensure that chances of an allergic reaction are reduced. Classrooms of children with food allergies will post a poster stating, "**Food Allergy** (replaced with specific item) **Aware**".
- **Food and drinks brought from home or restaurants are not allowed.** Exceptions for treats include:
 - Birthday celebrations
 - Assigned snack day for an activity
 - Special holidays (Christmas, Valentine's Day, Halloween, etc.)

Infants

- Infants (younger than 12 months) will be fed on demand. A written order from the infant's physician is needed for alternative feeding instructions. This includes scheduled feeding times and rice cereal in bottles.
- Giggles N Grins provides **Members Mark (Enfamil Equivalent) Formula** at no cost to the parents. Parents are responsible to provide formula if they opt out of using the Members Mark formula or are breastfeeding their infant.
- Please notify Giggles N Grins of the types of foods being introduced to your infant and we will serve them to the infant as part of their daily meal routine. Giggles N Grins provides **Gerber stage 1 & 2** infant food at no cost to the parents.
- Breastfeeding mothers will be supported and encouraged to continue breastfeeding when their infants enter my care. Breastfeeding mothers will be provided a private and sanitary place to breastfeed their baby or express their milk, with an electrical outlet and comfortable chair. In addition, refrigerator space will be made available to store expressed milk. We are trained on the handling of human milk and will follow guidelines from the American Academy of Pediatrics and Centers for Disease Control in ensuring that breast milk is properly treated.

4.10 Toilet Training:

Toilet training is a joint effort from the parents and the staff to make it a successful experience. It is recommended to have a discussion with child's caregiver before starting toilet training. It is also important to consider if the child is developmentally/physically ready (follows simple directions, remains dry for at least 2 hours at a time during the day, dry after nap time, regular and predictable bowel movements, walks to and from the bathroom, pulls down own pants and pulls them up again, seems uncomfortable with soiled or wet diapers, seems interested in the toilet, has asked to wear grown-up underwear). It is important to follow a consistent routine both at home and at Giggles N Grins. Please bring several extra sets of clothing to help make this an easier transition for all parties involved in this process. Dress child in clothing that is easily accessible for toilet training. Overalls, buttoned onesies, jeans etc. are NOT easily accessible for toilet training. Pull-ups are recommended until the child has mastered toilet training.

4.11 Naps and Rest Time:

There is a daily nap or rest period for children according to the child's age, needs and parent's wishes. Parents/Guardians are responsible for providing a crib sheet for those children ages 12 months and older. Please label child's belongings with a permanent marker. You may bring a special blanket or other security item for naptime. Children's nap items will be stored separately in their own labeled, large Ziplock bag. Nap items will be washed once a week by staff members. Those children who do not nap will be provided a space for quiet play.

4.12 Infant Sleep Policy

Ensuring infants are safe while they sleep is very important to our program. For this reason, Giggles N Grins has created a policy on safe sleep practices for infants up to 1 year old. We follow the recommendations of the American Academy of Pediatrics (AAP) and the Consumer Product Safety Commission (CPSC) to provide a safe sleep environment and reduce the risk of sudden infant death syndrome (SIDS). SIDS is the "sudden death of an infant under 1 year of age, which remains unexplained after a thorough investigation." The staff, substitute staff, and volunteers at Giggles N Grins adhere to the following policy.

Sleep Position

- All infants (under one year of age) will be placed completely flat on their backs in a safety approved crib or playpen for sleep unless a written note from the infant's health care provider is provided stating the medical reason and the specific time frame that an alternate sleep position or alternate sleep surface (ex. car seat) is to be followed. Written permission from both parents must also be obtained in order to follow the order. Giggles N Grins reserves the right to refuse care if Giggles N Grins staff members do not feel comfortable following the order. Sleeping equipment does NOT include infant swings, an infant bouncy, etc.
- Infants will always be placed completely flat on their backs for sleep. However, when an infant can easily turn front to back and back to front, they can remain in whatever position they prefer to sleep.
- All infants' heads/faces will remain uncovered when sleeping.
- Infants will remain lightly clothed and will not be over-layered to prevent overheating.
- Headbands, bibs, necklaces, hooded sweatshirts, and hats will be removed before laying an infant down for sleep. Amber necklaces and bracelets are prohibited.
- Pacifiers will not be tied around an infant's neck or clipped on to an infant's clothing. Pacifiers will be checked for cracks/tears before use. No stuffed animals/toys will be attached to the pacifier.
- Positioning devices or wedges are not recommended and will not be used without a written order from a health care provider. Giggles N Grins reserves the right to refuse care if Giggles N Grins does not feel comfortable following the order.
- Blankets are not recommended. If used, only one thin blanket is allowed.
- Swaddling is not recommended. If swaddled, only one thin blanket will be used no higher than infant's shoulders. Swaddling will be discontinued once the baby reaches 2 months of age or sooner if showing signs of rolling.
- Sleep sacks are recommended instead of blankets. Swaddle sleep sacks will not be used once the infant reaches 2 months of age or sooner if showing signs of rolling.
- Written parental permission must be obtained to use one blanket, sleep sack, pacifier, or security item for sleep. Copy will be posted by each child's crib/playpen.

Sleep Environment

- Our program will use CPSC guidelines for safety-approved cribs and playpens.
- Hardware will be checked weekly on cribs to make sure no pieces are loose, broken or missing.
- The mattress of the crib will always be kept in the lowest position.
- No crib toys or mobiles will be attached to the crib or playpen. No items will be hung over the side of the crib/playpen when an infant is in the crib/playpen.
- No monitors/devices are allowed to be attached to an infant or placed in the crib/playpen.
- All items will be kept out of the reach of an infant in the crib or playpen.
- Infants will not sleep on water beds, sofas, soft mattresses, car seats, swings, bouncy seats, Boppys, or other soft surfaces.
- Soft materials such as pillows, stuffed toys, loose bedding, bumper pads, quilts, (including breathable/mesh bumper pads) and comforters will not be placed in infants' sleep environment.
- If a crib is used, infants will only sleep on a firm tight-fitting mattress with a properly fitting fitted crib sheet.
- If a playpen is used, infants will only sleep on the pad provided by the manufacturer with a properly fitting playpen sheet. Pad will maintain shape when fitted sheet is used; lay flat and meet all four corners of frame. No extra padding or mattresses will be added. Velcro attachments will be used to keep pad in place.
- Playpen mesh will be less than ¼" and free from tears/holes.

Lighting in the room will be bright enough to see the infant's skin color and breathing.

When the Policy Applies

This policy applies to all staff, substitute staff, parents, and volunteers when they are caring for infants at Giggles N Grins.

4.13 Biting Policy:

Biting is unfortunately not an unexpected behavior for toddlers. Staff recognize that at times some children, for a variety of reasons, attempt to bite other children. Some reasons for biting are as follows:

Infants: Experimental, sensory pleasure, teething

Toddlers: Frustration, fatigue, attention seeking, confined spaces, inability to communicate

Preschoolers: Aggression, deliberate.

Biting can be harmful to other children and to staff. As a day care, we understand that biting, unfortunately, is a part of a day care setting. Our goal is to help identify what is causing the biting and resolve these issues. If the issue cannot be resolved, this policy serves to protect the children that are bitten. If a biting incident occurs, state regulations require that the parent of the child biting and the parent of the child who was bitten will be contacted. Names of the children are not shared with either parent.

When Biting Does Occur:

Our staff strongly disapproves of biting. That staff's job is to keep the children safe and help a child that bites learn the different, more appropriate behavior. We do not use techniques to alarm, hurt, or frighten children such as biting back or washing a child's mouth out with soap. Staff will use age-appropriate behavior strategies for children who are biting. Staff will attempt to keep frustration levels of children low by providing plenty of stimulation to engage children's interests, having smaller groups of children (e.g., inside group/outdoor group), and using distraction techniques to minimize incidents.

For the child that was bitten:

1. First aid is given to the bite. It is cleaned with soap and water. If the skin is broken, the bite is covered with a bandage.
2. Parents are notified.
3. An incident report form is filled out documenting the incident.

For the child that bit:

1. The teacher will firmly tell the child "No! Do not bite!"
2. The child will be placed in time out for no longer than the child's age (two-year-old, two minutes).
3. The parents are notified.
4. A Biting Report is filled out documenting the incident.

When Biting Continues:

1. The child will be shadowed to prevent any biting incidents.
2. The child will be observed by the classroom staff to determine what is causing the child to bite (teething, communication, frustration, etc.) The administrative staff may also observe the child if the classroom staff is unable to determine cause.
3. The child will be given positive attention and approval for positive behavior.

When Biting Becomes Excessive:

There are three steps to excessive biting:

1. If the child inflicts 3 bites in one week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, a **conference will be held with the parents or guardian** to discuss the child's behavior and how the behavior may be modified.
2. If the child again inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, the child will be suspended for **2 business days**.
3. If the child once again inflicts 3 bites in a one-week period (5 weekdays) in which the skin of another child or staff member is broken or bruised or the bite leaves a significant mark, **the parents will be asked to make other day care arrangements**.

If a child, who had been through steps 1 and/or step 2, goes 3 weeks (15 weekdays) without biting, we will go back to step one if the child bites again.

If a child bites twice in a 4-hour period, the child will be required to be picked up from Giggles N Grins for the remainder of the day. This will not count towards the 2-day suspension.

4.14 Inappropriate and Unacceptable Behavior Policy:

Giggles N Grins must ensure that the play and learning environments for all children is safe, respectful, fun, and provides a model of proper behavior to all children within our care. We also must ensure that inappropriate and unacceptable behavior is addressed in a timely, consistent, and fair manner for the well-being of each individual child as well as the group. This policy will also take into consideration the age and developmental maturity of each child. This policy will address our plan for Inappropriate and Unacceptable Behavior.

Inappropriate and Unacceptable Behavior may include (but is not limited to):

- 1) Aggressive, physical, or verbally threatening actions directed at another child or staff member.
- 2) Profane or abusive language (does not have to be directed at another individual)
- 3) Refusal to comply with a teacher's instruction or request.
- 4) Treating Giggles N Grins (or another individual's) property with a lack of respect.

- 5) Disrespecting another child or staff member.
- 6) Self-Destructive behavior.
- 7) Other behavior determined by a Giggles N Grins staff member to be unacceptable.

While in the care of Giggles N Grins, we teach children to respect themselves, their friends, and teachers, their environment, and materials. Most of the time, small behavior issues and concerns are communicated to the parents through routine interactions at drop off and pick up times. In some instances, children who are disruptive or continuously aggressive may need a behavioral plan put in place. A parent meeting will be requested if a behavioral plan needs to be put in place for any child. While understanding that children of different ages will have varied expectations regarding what is developmentally appropriate behavior, Giggles N Grins will not be able to tolerate continuous disruptive, aggressive, or violent behavior by children of any age. If a child's behavior continuously takes away from the care and safety of the others, enrollment termination might be required. However, in most cases, the following process will be followed:

- 1) Teachers will log behavior issues on Giggles N Grins Behavior Report forms. A copy of each behavior report will be given to the parents and discussed. Parents are expected to further address the issue with their child at home.
- 2) If a child exhibits violent or aggressive behavior, the child will be excluded from group activities for a period and will be sent to an Admin. office. Depending on the age of the child and the severity of the incident, the child may be allowed to return to the group after the situation is diffused. (This will be allowed no more than two times in one day)
- 3) If a child's aggressive behavior continues the same day, the child will be sent to the Admin. office again, and the parent will be called. **The parent will be expected to make arrangements to pick up the child immediately.** The child will be excluded from group activities for the rest of the day until the parent picks the child up.
 - a) If the child is sent home more than 3 times due to aggressive or violent behavior, the following options are available:
 - i) A parent meeting to discuss and implement a behavioral action plan, which may include additional professional services and assessments.
 - ii) The center can hire another staff member to shadow their child, at the expense of the parent (Approx. \$375/week).
 - iii) The family can see an alternate care arrangement for their child. In most cases, we can accommodate up to a 2-week period while a family is looking for another arrangement. Please see the director, Amanda Gagne, to see if this is possible for your family.
